**Enjoy Some of Johnny's Biggest Hits Such As: "It's Not For Me To Say", "Misty", "Chances Are", "Wonderful, Wonderful", "Gina", "What Will My Mary Say"....and all of our Christmas Favorites.**

Johnny Mathis was born on September 30, 1935, in Gilmer, Texas, the fourth of seven children. He sang in a jazz band while in college, and won a recording contract after an audition in San Francisco in 1955. Mathis scored his first No. 1 hit with "Chances Are" in 1957, and became known for his distinct rendition of popular Christmas songs. To date Johnny has produced 8 different Christmas Albums. But what really launched Mathis into the public consciousness was his 1957 appearance on TV's The Ed Sullivan Show. After that, Mathis's albums were all smash hits, and his style, at once familiar and all his own, would help him sell millions of records. The following year, Mathis's greatest hits album was released, and it became one of the most popular albums of all time, spending an unfathomable 490 continuous weeks (about 9 1/2 years) on the Billboard albums chart. With a hit in every decade of his recording career, and his popular Christmas recordings a mainstay each season, Mathis has spanned generations with his smooth vocals. He has performed for heads of state around the world, and in 1972, Mathis was awarded a star on the Hollywood Walk of Fame. He has received the Academy of Recording Arts and Sciences' Lifetime Achievement Award and the Society of Singers' Ella Award. Mathis is also a member of the Pop Music Hall of Fame and the Great American Songbook Hall of Fame.

Now come experience a "Mirror of Mathis" starring David Robbins. David has been thrilling audiences all over the country with his incredible tribute show of Johnny Mathis. You'll be in complete awe, as soon as he hits center stage. His remarkable resemblance and vocal abilities that emulate the great artistry of Johnny Mathis will leave you speechless. Enjoy the biggest hits Johnny has become known for and enjoy our favorite Christmas songs only the way Johnny, uh...we mean David can do!
